## Coming in May Parking Lot Construction

We are pleased to announce an upcoming construction project that will enhance the safety and operations of our parking lot:

- Changing the directional flow of the parking lot. Our current “exit” path will be the “entrance” path to increase driver and pedestrian safety.
- Patrons will now exit down the hill for better driving sight.
- Clearly marked handicapped parking spaces, and better positioning of spaces.
- Additional striping and signage for fire lanes and safer pedestrian walkways.
- “Temporary” 3 minute parking spaces for drop-off and pick up, flashers required.
- Repairing poor conditions and cracks caused by the extreme cold of the recent winter.

This project will have preliminary work conducted May 19-24. Striping and heavy work will be conducted May 25 and 26, as the Library is scheduled to be closed due to Memorial Day weekend.

On **May 25 and 26 the parking lot will be completely closed** as well as the Library. Bookdrops will be inaccessible; therefore the Library will not charge overdue fines for those two days.

**Our parking lot will re-open on Tuesday, May 27** with the new traffic pattern. Please look for the announcement and directional signs as we know this will be a change for our patrons.

We appreciate your patience as we work to increase the safety of our lot.

### Spring the Door Open in Your Mind

by Shannon Halikias

This time of year we in Illinois begin dusting off our sandals, dreaming of blue skies, and preparing to LIVE for a few months... mostly because we have been trapped inside for far, far too long. This winter seemed especially hard as, well, the groundhog said 6 more weeks of winter and we certainly lived up to it. But the springtime weather WILL come eventually, and the Library has lots of materials to help you prepare.

Planning a vacation? Be sure to check out the 917's for materials about traveling within the USA. *Live the Road Trip Dream* by Phil and Carol White is an example of getting great ideas to use in your own family travels. National Park aficionados may enjoy resources in the 917.3's, or intrepid world travelers may use our guides to plan that perfect journey to Italy and back. Many a quirky road trip has been enriched by destination planning from Library guides... just ask my family about taking a Jelly Belly factory tour or seeing Abe Lincoln's birthplace.

Spring also brings the Earth to life, a glorious season for those itching to get their hands in soil. At 635.9, check out Little's *The 5 Minute Gardener*. In fact, the 635 section in its entirety is the perfect area to wallow in books on soils, seeds, planning guides or container gardening. You can pair your love of gardening and sunshine with books on birding, hiking, arbor guides or trail guides. My little ones enjoy bird watching while identifying bird calls, so the *Birders Guide to the Chicago Region* at 598 has graced our nightstand more than once.

For whatever activity you have planned this spring, visit our expansive collection to match your passion with our resources. Happy adventures!

## Library Seeks Volunteer Literacy Tutors

Looking for a way to give back to your community? Become a volunteer tutor to help an adult read, write, speak and understand English better. Tutors need not be experienced in teaching or be bilingual. The only requirements are that tutors must be over 18 years old, have graduated from high school, and be fluent in English.

Volunteer tutors receive a comprehensive training in a series of six workshops, preparing for both Basic Literacy and English as a Second Language instruction. After training, tutors meet with their learners for two hours a week, at a convenient time and location for both. We encourage tutoring in a comfortable setting, such as the Lisle Library's Literacy Room, for one on-one or small group work.

Lisle Library partners with Literacy DuPage to offer an annual tutor training workshop at the Lisle Library on the following dates/times:

**May 5, 8, 12, 15, and 19 and June 2; 6 p.m. to 9 p.m.**

Please contact Jean Demas at [literacy@lislelibrary.org](mailto:literacy@lislelibrary.org) or (630) 971-1675 x1002 to register for the upcoming tutor training series.

### New Collection! The LLD Seed Library

We are very excited to announce that we have launched a seed library! LLD will be the first public library in the Chicagoland area to lend open-pollinated, heirloom seeds. This is a project that we hope will strengthen biodiversity in our community and encourage the discussion of local food systems and sharing of resources.

Help us build a strong collection by attending a class (see page 4), borrowing seeds and planting them in your garden! Then enjoy your harvest and let your healthiest plants go to seed. Save the seeds and return some to the library for next year.

The **LLD Seed Library** is located in Adult Services at the Connection Desk.

Our inaugural collection was generously donated by the Baker Creek Heirloom Seed Company.

### NEW at your Library:
