Returning e-Books early

Your library e-Book will automatically expire after the lending period ends. You are not required to return e-Books and there are no late fees; however, using the OverDrive Media App, you are able to return an e-Book before the lending period is over.

1. While in the App on your device, hold one finger down on the book you want to return
2. Select the "Return" image
3. DO NOT click "Delete Item" before you return the book. If you do this, you will not be able to return it early.

Please Note:

- If a title is available to renew, the renew option will appear within 3 days of the title's expiration date.
- If an e-Book is checked out to someone else you can place a hold on it
- There is a 5 item check out limit per person.
