

Returning e-Books early

Your library e-Book will automatically expire after the lending period ends. You are not required to return e-Books and there are no late fees; however, you are able to return an e-Book before the lending period is over.

1. Log in to your Amazon account
2. Mouse over "Your Account," once the drop down menu appears click on "Manage Your Kindle."
3. You should see the book you checked out. Click on the "Actions..." button to the right and select "Return this book." Once it is returned, you can select "Actions..." again and "Delete from library." This will remove the file.

Please Note

- If a title is available to renew, the renew option will appear within 3 days of the title's expiration date.
- If an e-Book is checked out to someone else you can place a hold on it.
- There is a 5 item check out limit per person.
