Fiscal year 2022/23 was one of the most eventful years in the Library’s history. It was the year that the LLD was completely renovated to provide a more functional, accessible, and convenient public Library for its patrons.

The year was also comprised of other significant accomplishments such as procuring the LiteZilla feature wall in Youth Services via community donation. The LLD also added innovative items and increased its digital offerings. The LLD installed a new drive-up/pick-up window too! The following pages highlight some of the additions that have benefitted patrons in the past year.

Throughout the year, the LLD partnered with charitable and intergovernmental organizations to give back to the community and to provide outreach. Working with Senator Laura Ellman’s Office as a station to receive LovePurse donations was quite successful. And speaking of legislators, the LLD served as a perfect hub for Representative Terra Costa Howard to hold productive constituent meetings. Senator Bill Foster also visited the LLD to meet patrons, staff, Trustees, and to see our beautiful renovation.

And finally, the fiscal year wrapped up with an amazing community event that highlighted Lisle and its hometown heroes via an honorary, four-person, mural in the style of Andy Warhol. The LLD served as a core member of the Lisle Warhol Committee and hosted the mural unveiling featuring Joy Morton, Martha Schiesher, Carlin Nalley, and Hank Van Kampen. It was a touching event filled with history, family, and radiant pop art. The LLD was pleased to host the kick-off event for Lisle’s Warhol-inspired activities. We look forward to participating in many more community events in the year ahead!
The Lisle Library District (LLD) is a public library serving 30,281 residents in the District covering the Village of Lisle and parts of unincorporated Lisle and Naperville.

The LLD’s overarching goals for the renovation were to provide a welcoming facility that meets community needs and to foster an enriching environment for patrons. In other words, creating a more functional, accessible, and convenient public Library for the District. And we accomplished that in 2023!

The LLD incorporated Universal Design concepts and space optimization features such as improving points of service, installing family and single-use restrooms, a drive-up window, right-sized public service desks, and enhancing meeting/study spaces.

Other features include an appropriately sized Youth Services Department, two centrally located entrances that optimize parking, installation of a second elevator, increased Wi-Fi access points, a new Teen space, additional study rooms, and supplementary outdoor program space beneath a beautiful pergola. The entire facility was renovated and completely reorganized to provide maximum benefit while remaining in the same footprint on the property.

The road to renovation was a long one that began by not only hiring the professionals to accomplish our goal, but it included reaching out to the residents of the District to gain perspective, ideas, and desires for the outcome. Thank you for your feedback and for your support before, during, and after the renovation.
