From the Desk of the Director

We all know that technology is ubiquitous, and a necessity. However, we also know that direct human interaction is key to establishing genuine connection, community, and at times... comprehension. Whether you've made any recent resolutions, or just want to level-up your upcoming spring goals, the LLD has tons of opportunities for you and your family.

From author talks, to our famous Storytimes & Sing-alongs, to craft programs for all ages, to art gallery receptions, to job-seeking assistance, the LLD is the place to connect! Do you have specific technology questions that the internet just can't answer? Connect with a Librarian via the "Book a Librarian" program. We also offer a variety of technology classes to boost your skillset. Any way you choose to utilize the LLD, we are here for you – *in person*!
